Name:	Joshua Coetzer	**Student Number:**	09HA2603995
Support Centre:	Cape Town City	**Module Name:**	Creative Project: Game Production
Due Date:	23 October 2026	**Module Code:**	HCGDP1181

What is the milestone for this week?

Add inheritance for babies that are spawned, as well as a mutation table for random mutations

Have you achieved this milestone? Mark it with an X

YES	X	NO	

List what you have achieved this week.

-Added ability for babies to to inherit genes from either parent
-Added random mutations via a mutation table

If any, list any changes you have made to your initial proposal due to insufficient time or scope.

I've managed to catch up again to the point that I'm still on track with my original timeline.

I have a busy schedule but I need to make sure that I come up with a strategy for doing at least a few hours every week to stay on track. I'll set a goal to do minimum 30 minutes each day.
